

The screenshot shows a patent search application window titled "EAST - [ah.wsp:1]". The interface includes a menu bar (File, View, Edit, Tools, Window, Help) and a toolbar with various icons. On the left is a sidebar with a tree view of document categories: Drafts, BRS, ISNR, Pending, Active, Failed, Saved, Favorites, Tagged (2), UDC, Queue, and Trash. The "Active" category is selected, showing two items: "L1: (429) fitting near3 room" and "L2: (33) 1 and track\$".

The main area is divided into two sections. The top section is a search results table with columns: U, I, Document ID, Issue Date, Pages, Title, Current OR, Current XRef, and Retrieval. It contains two rows of results. The bottom section is a large text area labeled "Search Notes" with the handwritten date "7/12/04".

At the bottom of the window is a status bar with buttons for "Hits", "Details", and "HTML", and a "Ready" indicator.

	U	I	Document ID	Issue Date	Pages	Title	Current OR	Current XRef	Retrieval
